If you wish to register an account, please do so here: About us: Application/support policy: Alice in Wonderland (song) "Alice in Wonderland" is a song by the Swedish pop group ABBA from their final studio album, Waterloo (1975). It was written and produced by Benny Andersson and Björn Ulvaeus, and is often cited as a signature hit for the group. It was released as a single in 1976. Backed by the memorable child vocals of Anni-Frid Lyngstad and Agnetha Fältskog, "Alice in Wonderland" became ABBA's fourth European hit and their last success of the 1970s. The song is often considered the best-selling single of all

Fatal Push, Worthy Aura, or Arcane Wine. Time to test my super godly handiness! It's been a while since I saw a 2D mid-boss, but I figured I'd do it once in a while. This time, it's Kiyofumi, Lord of Cogs. The first four bosses are all fairly easy to deal with. The fifth one. Not really a boss fight, more of a run-of-the-mill enemy, but worth mentioning just for the fact that I killed it with no combos this time

---

around, only basic attacks. It made me think "is a mid-boss really that easy to beat? Hm..." =\_\_= Triple Magic Burst? Oh no! I just absorbed it! Does that mean I'm stuck in a field of Cogs!? ... This fight was only to draw attention to my shoddy skill. After all, I couldn't really avoid one of the Cogs, so the more damage I take, the easier it would be to make the fight more worthwhile. But you know me. I digress. So yeah. You can see that I use the red squares to shoot stuff. Normally my AoE attacks are blue and only deal damage to the enemies. But there was only one enemy that I could actually AoE, so I made her take damage from the red squares instead. Nah, that's fine, I just didn't make the background turn red, or the enemies become visible. Well, I'll admit, I didn't really try my best. Plus, it'd be a bit of a waste to make the background turn red if only one enemy took damage. ... Well, OK. So I'm not such an amazing boss, am I? I guess I can do better next time. =\_\_= When I

---

had three cogs and walked past the cogs...  
They stuck to me. ... You can do what you  
want, but I'm pretty sure I'll make the  
bossfight in the last chapter more  
interesting! With that said, I'm off! Time for  
Gwyndolin next! Quarter Trial! Qu

▲ Game UI with story loading screen. The game will start while the UI is still loading.

1. Introduction The history of the world before the times of the Demon Lord is lost. However, only a handful of people have the memories of that time. They tell stories about the Demon Lord, Nesta, and the powerful sword, which was once wielded by a mad wizard. The stories say that swords, however they come, were once wielded by the Demon Lord, and they had the power to destroy the world. In that time, the people gathered and prayed to the sword and fled the Demon Lord. Today, the world is safe, but the people believe that the Elden Ring, which is in possession of the Sword of Valor, will aid the Elden Lords, those who were once Demon Lords. They desire peace, and want to change their fate. But they do not know that the Demon Lord, Nesta, is still

---

lurking somewhere. If you return the sword to the Lands Between, the people of the world will learn the truth of the story. And you will wield the Sword of Valor and become an Elden Lord. How should I begin this mission, the people of the Lands Between are calling out to you from the town gates. If you set forth on this journey, what will you accomplish? Let's begin! ▼ Video Links ▼ Game UI ▼ Support Information

**Inside, the "LOVE ITEM"! Secret of Dragon Force is a game overlord where the obsessions with the heroes and the labors with the monsters steadily deteriorate the society. Humanity seemed to be lost in the scenery depicted by this game. The hero who saved all the world from this dark era will now rise, and it is now your turn to take on that role as the new Overlord. There is no truth in the time of the fallen dragon. Heaven is waiting. To everyone who has fallen in love with Dragon Force over all ages, please come back to the fairy tale world. Dragon Force will share with you a new era, an era of peace and brotherhood after the collapse of the world. You will be able to adventure with friends in "asynchronous online play" in which everyone can set up an independent game without holding a central server. Finally, enjoy the cute themes that the beloved artists have created. You will reach new heights, with the GamePad! Add to this the "share" functions of the GamePad that allow you to share high-level Battle, Level, and Level Material data with players you play with. Come and enjoy the amazing contents of Dragon Force!**
