The new motion capture technology is available as an in-game upgrade to players with the appropriate Ultimate Team card. Once upgraded, the player will learn to move and react more naturally on the pitch, using a series of button combinations to perform custom animations. Gameplay modes have been completely reworked, and new tactical options and ball physics have been added to a refined dribbling system. Striker stamina management and the match engine also receive significant upgrades. We also have a new challenge mode, Customise your gameplay and experience Live Events, four all-new leagues – the CPL, FA Community Shield, English Premier League and the La Liga; a comprehensive overhaul of Club and Player contracts; completely new Career Mode and much more. Fifa 22 Activation Code introduces “HyperMotion Technology”, which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power Fifa 22 Cracked Version gameplay. In order to perform custom animations, the player will have to use a series of button combinations. Training mode has also been completely redesigned, and introduces a new training mechanic called Coach App. This allows the player to tailor training to players of different attributes, as well as prepare a team for a specific game type in friendly matches. Players can even set up a practice to hone any specific skill in order to raise their rating in that specific attribute. FIFA 22 introduces a new, challenging and accessible mode called Career Mode. Set during the Golden Era of Football in the 1920’s, players will experience the excitement of a career as a footballer in all four of the modern-day confederations: Germany, England, Spain and Italy. Now players will

experience iconic stadiums, fan-favourite players and record breaking feats. Career Mode allows players to determine their unique progression path through the different tournaments, which leads to a wide-ranging, dynamic gameplay that can be replayed at any point. Additionally, the Career Mode introduces personal and team profiles, which will allow the player to track stats, manage teammates, view a training schedule and more. FIFA features over 600 real-life footballers, each of whom has specific roles within the overall squad. Players will be rated on their performance against a group of opponents in their 'PRO' game, and a new 'Season' mode will test their skills in key scenarios as they bid for trophies,

## **What's new in Fifa 22:**

- **The FIFA Masterpass**
- **FIFA Ultimate Team**
  - **Free additions of brand new clubs.**
  - **New ways to balance performance with tactics and strategy: TBX - Tactical Balance X-Factor introduces an active morale system to dynamically modify player behaviour, improving on the ground but also behind the goal (depending on which team you play). The right combination of pacing, focusing, successful play, and tough tackling often yields results that are instantly visible to both AI opponents and the players themselves.**
  - **New Teammate Radar and Utility Crate enhancements: Using the new Teammate Radar, players and managers can spot players off heatmap signal from other players. The new Utility Crate system lets you field a certain number of squad members that may be activated based on their current state. These additions allow for even greater customisation of line-ups and gameplay.**
  - **FIFA Ultimate Team's artificial intelligence enables more authentic substitutions using the new Managers' Network: when a substitution is being made, the entire selected network will react to visual and audio cues. This is just one of the many features that help to ensure that these changes are completely authentic.**
  - **A new Pro and Rookie Keeper Traits system allows for your best players to add the talents of a professional keeper to their technique: making sure to master technique and build chemistry with your goalkeeper keepers.**
  - **New Game Moments: Live out great moments from football history. Experience the highs and lows of an especially memorable match. You're getting a day one edition of Frozen Odyssey: Part 1. We announce the news here, on the Frozen Odyssey server and will**
