The graphics of RPG games are usually "epic", meaning the game is absolutely huge and the graphics are incredibly detailed. However, since this can take a lot of time to make, people sometimes make RPG games with non-epic graphics. The era of non-epic graphics is the "RPG Maker Series" genre. With this genre, a game can be made in a very short time, but the graphics are amazing, and characters and monsters look almost like sprites. If you want to make games in the RPG Maker series, there are many reasons to choose "MZ - Nostalgia Graphics Pack", and "MV - Nostalgia Graphics Pack". - [What is MZ - Nostalgia Graphics Pack (RPG Maker MZ - Nostalgia Graphics Pack)?] - [What is MV - Nostalgia Graphics Pack (RPG Maker MV - Nostalgia Graphics Pack)?] - [What is MZ - Nostalgia Graphics Pack (RPG Maker MZ - Nostalgia
